Everything you need to build recurring revenue

We've built the most competitive partner program in the ad intelligence space. Here is what you get when you join.

30% Recurring Commission

Earn 30% on every payment your referrals make for their first 12 months. A single referral can generate hundreds in passive income.

12 Month Cookie

We track users for a full year after they click. Even if they convert months later, you get the credit and the commission.

High Retention

Our product is sticky. Low churn means your monthly recurring revenue actually stacks up over time instead of leaking out.

Professional Assets

Get access to high-converting banners, video assets, and tested copy. We provide the creative fuel for your campaigns.

Real-Time Tracking

Monitor your clicks, conversions, and revenue in real-time through our partner dashboard. Know exactly what's working.
